- **PS Category-** Software
- **Team ID-**
- **Team Name-** Kairos

Kairos

ALL OF CAMPUS. IN YOUR HANDS.

# Campus 2.0

Simpler Campus. Brighter You.

SMART INDIA HACKATHON 2026

## Proposed Solution

A complete campus experience, in your pocket.

- **Attendance & Timetable** — Attendance, classes, faculty & room details
- **Certificates & Leave** — Apply, upload documents & track requests
- **Bus Tracking** — Track college buses in real time
- **Smart Canteen** — View menu & pre-order food
- **Events & Competitions** — Discover upcoming campus events
- **Campus Explorer** — Find departments, facilities & locations
- **Student Connect** — Connect with classmates and campus communities
- **Complaint Tracking** — Report and track campus issues
- **AI Campus Assistant** — Get quick answers and navigate campus services

A **Smarter, Happier Campus**

One App.
A Better Campus Life.

## Problem Addressed

Solving real campus challenges, together.

- **One App** — All campus needs in one place
- **Less Scattered Information** — No need for multiple platforms
- **Save Time** — Faster access to services
- **Fewer Office Visits** — Easy digital processes

## Innovation & Uniqueness

What makes Campus 2.0 different?

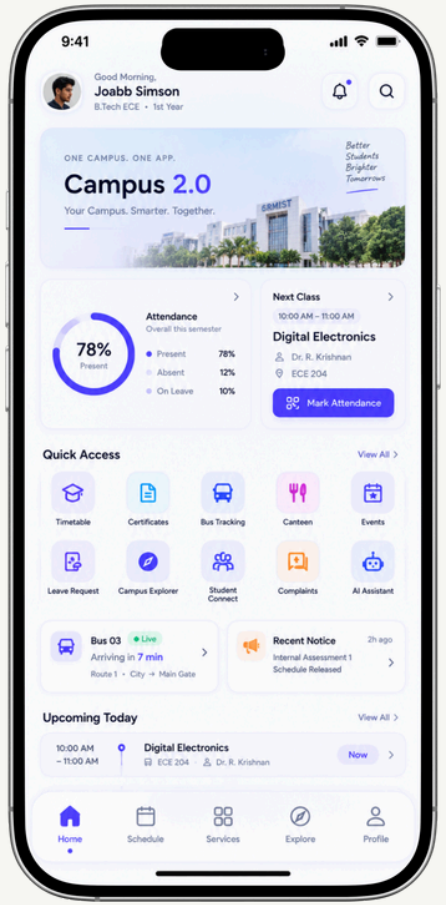

- **Unified Ecosystem** — Connects all major campus services
- **AI-Powered** — Smart assistance for students
- **Real-Time** — Live updates for attendance, buses & requests
- **Personalized** — Relevant information for each user
- **Transparent** — Easy tracking of requests & complaints

### Potential Impact & Benefits

A Smarter, Simpler, Better Campus for Everyone

- **Better Student Experience**
  Easier access to campus services
- **Saves Time**
  Reduces queues, paperwork & unnecessary visits
- **Better Communication**
  Keeps students updated and connected
- **Faculty Support**
  Reduces repetitive queries and manual work
- **Cost Efficient**
  Reduces paper and administrative overhead
- **Eco-Friendly**
  Promotes digital, paperless processes
- **Smarter Campus**
  Enables a more connected & efficient campus ecosystem

*Your Campus In Your Hands*

### Potential Challenges & Strategies

Real Challenges. Practical Solutions.

| | | | |
|---|---|---|---|
| Outdated campus information | → | Regular admin verification |
| Low student adoption | → | Simple, useful & personalized features |
| Data privacy & security | → | Secure login & role-based access |
| Too many features | → | Start with an MVP and expand gradually |
| Real-time service accuracy | → | Regular data updates & validation |
| Faculty/admin resistance | → | Easy workflows with minimal extra effort |

More than an app.
A connected campus.

ONE CAMPUS. ONE APP. EVERYTHING CONNECTED.

*For a Brighter Tomorrow*

Kairos
